

Installation Instructions

Magpul UBR Gen2 Weight System

- 1). Remove both original Magpul storage compartment doors.
- 2). Remove the binder bolt screws from the Stealth Ballistics weight. (The side with *a black paster*)
- 3). Insert the Stealth Ballistics weight from the appropriate side.
- 4). Make sure the cover is properly seated.
- 5). Install the second side plate and weight, aligning it with the binding post.
- 6). Install the screws removed in Step 2.
- 7). Use care to not over tighten.
